<b>Distribution</b>	<b>Type II Type III Type V</b>			
<b>Voltage input</b>	<b>120-277V/347V/480V</b>			
<b>EPA</b>	<b>0.7 Sq.Ft.</b>			

## Features & Benefits

- ✓ EPA is **0.7Sq.Ft.** minimizing wind load.
- ✓ Self-cleaning top design, not easy for ponding and dust.
- ✓ **Patented** bracket design, adjusted freely which can simplify the installation.
- ✓ Integrated motion sensor, programmable and multi-level.
- ✓ Optional 7-pin receptacle and photocell.
- ✓ Versatile mounting options for post top, low bay and packing garage light.
- ✓ Internal **10kA** surge suppression protection.
- ✓ **12 years** limited warranty under the ambient of -40°F to 104°F and 10 years limited warranty under the ambient of -40°F to 122°F.

- **Special reflector design**  
high performance optics

- **Tempered glass lens**  
doesn't fade and discolor

# Easy Installation

— Same main body with various mounting options

**Low Bay  
Pendant & Hook Mount**

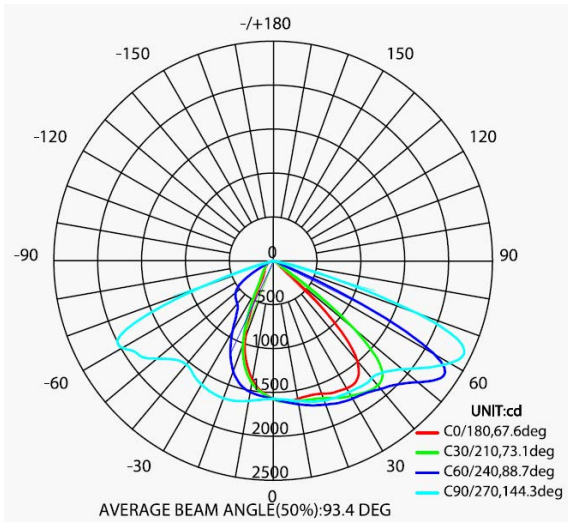

**Post Top  
Pole Mount**

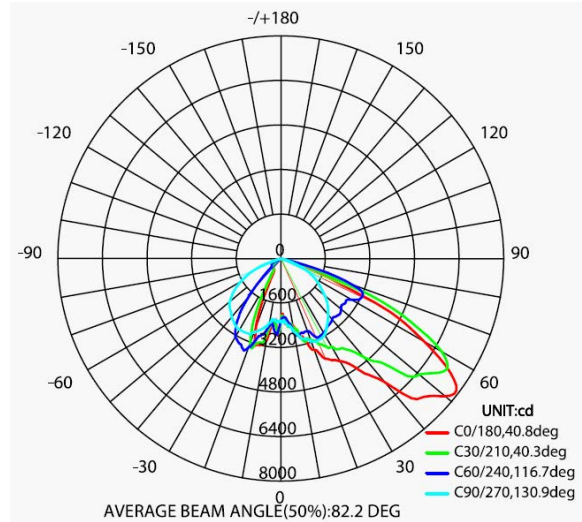

**Parking Garage/Canopy  
Surface Mount**

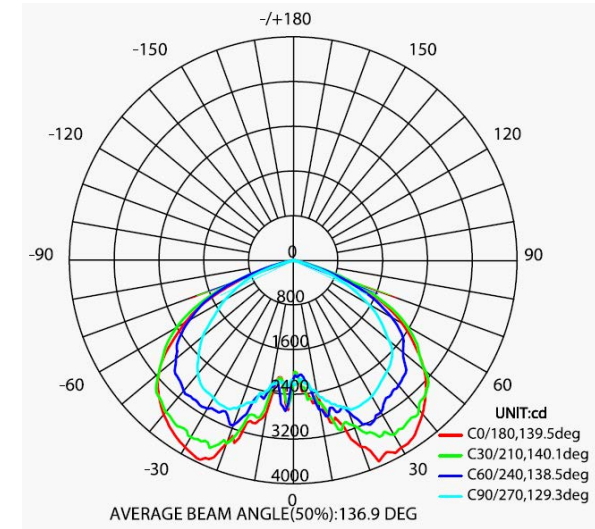

# Optics

**Type II**

**Type III**

**Type V**

## Accessories-(Order Separately)

**MPT-4RPA**  
4"OD round pole  
adapter

**MPT-HSS**  
House side shield

## **Moon Application:**

- ✓ Post Top Light
- ✓ Low Bay
- ✓ Parking Garage Light

# Applications

POST TOP

LOW BAY

PARKING GARAGE/CANOPY
